Research Scientist / Post-doc Positions

The Max Planck Institute for Demographic Research (MPIDR) is recruiting 1-2 full-time post-doctoral research scientists to work in one of the following research groups: Population Health, Labor Demography, or Fertility and Well-Being. Please see www.demogr.mpg.de for descriptions of these research groups. The positions are initially for 3 years, with the possibility of an extension. Starting date is flexible, with latest start fall 2018.

The MPIDR is a leading institute in demographic research hosting a diverse range of research groups with interdisciplinary topics. The working language of the MPIDR is English. We offer a competitive salary (starting at approx. 50,000€ for new post-docs), an excellent research environment, and institutional support for conference attendance and continuous education.

Applicants should submit:

- Letter of interest
- CV with publication list
- 1 writing sample
- Contact information for 3 references

Please see <http://www.demogr.mpg.de/go/apply-demography> to upload your English-language application. Inquiries about the positions should be sent to apply-demography@demogr.mpg.de. Review of applications will begin on the 1st of October, 2017, and applications will be accepted on a rolling basis until the position is filled.

The Max Planck Society wishes to increase the share of women in areas where they are underrepresented and strongly encourages women to apply. The Max Planck Society is committed to employing more individuals with disabilities and especially encourages them to apply.
